

Camborne Can Do

You Can Do Service Contacts

BID Camborne has negotiated on your behalf with Cornwall Council, Camborne Town Council and the Police so we are all clear on what services and standards should be provided.

We have agreed, in contract form, the services that Cornwall Council will be providing to keep Camborne's streets clean, clear of litter, well-lit and that our highways are safe. We need your help to keep our town in good shape.

If you see anything that needs to be addressed in terms of crime, public safety, cleanliness and maintenance, please use these contacts to report it.

More information about the Operating Standards Agreement is available at www.cambornecando.co.uk
